Letter from the President

Hello Conant Families,

It's hard believe we're just two months away from the end of the school year! It is going to be a busy time with Prom & Graduation, so check your inbox for important updates!

Thank you again for supporting our Casino Night Social. It was a fun night out & we raised \$7,300 dollars to help fund student clubs, activities, scholarships and school improvements.

Our last meeting is Tuesday, April, 11th. Join us now to get involved for next year! We need volunteers for Post Prom and Volleyball Concessions- sign up [here](#).

Have a great spring break!

Traci Garcia
Conant HS Boosters President

Please take a few minutes to help our school reach its goal!

Conant is reaching out to our families and asking you to participate in the annual Illinois 5Essentials Survey. Your perspectives can help guide our school's improvement efforts. The survey assesses perceptions of five components of school success:

- Effective leaders
- Collaborative teachers

- Involved families
- Supportive environment
- Ambitious instruction
-

The parent survey will be available online in English and Spanish from January 24, 2023 through March 31, 2023, [here](#). It takes about 10 minutes to complete. Note that the survey will time out and you will need to start over if you don't finish in one sitting.

The survey is administered by UChicago Impact at the University of Chicago on behalf of the Illinois State Board of Education. If at least 20 percent of parents at our school complete the survey, a supplemental parent report will be generated and shared with us.

If you have questions or concerns, please call our school's survey coordinator, Assistant Principal, Jeannette Ardell ([jardell@d211.org](mailto: jardell@d211.org)) at 847-755-3612.

CHS Robotics Club

Conant's Robotics Club meets on Wednesdays after school in Room 177 and they build Battlebots! Sponsors are Mr. Chris Bruce & Mr. Eric LeBlanc

A team of 20 students with three robots recently competed in the D214 Robot Rumble. The competition pits 60 pound and 85 pound robots directly against each other in 3-minute rounds to see who can survive and outdrive their opponent. "Janktality", an 85 pound, two-wheel-drive vertical spinner made by CHS students, went undefeated out of a field of 47 robots to win the whole competition!!!!
